- Multitasking

Passionate Frontend Developer crafting modern, responsive, and user-friendly web experiences. I transform ideas into interactive digital products with clean code and creative design, focusing on UI/UX best practices. My toolkit includes HTML5, CSS3, JavaScript, React, and Vue.js. I thrive on turning complex challenges into elegant, maintainable solutions, collaborating effectively with designers and back-end teams. My expertise is further strengthened by certifications in Modern JavaScript (ES6+), HTML & CSS, TypeScript, and various web development fundamentals.

## WORK EXPERIENCE

### Frontend Developer

ARCON CORPORATION | Sept 2024 - Present

- Built responsive websites using HTML, CSS, and JavaScript to improve user experience.
- Collaborated with team members to implement new features, boosting site performance.
- Utilized frameworks like React.js, Next.js, and libraries such as TailwindCSS for modern UI/UX designs.
- Assisted in bug fixes and site updates to ensure optimal functionality.

### Sales Executive

CHUBB LIFE INSURANCE | May 2024 - Sept 2024

- Assist clients with selecting life insurance policies tailored to their needs.
- Provide expert advice on loan products, guiding clients through the application process.
- Conduct financial assessments and recommend suitable financial products.
- Collaborate with bank staff to ensure smooth operations and excellent customer service.
- Maintain detailed records of client interactions and financial transactions.
- 

### Corporate Accountant

MABARET AL ASAFRA HOSPITAL. | April 2020 - Feb 2021

- Prepared monthly financial reports, highlighting key metrics and trends for management review.
- Supported accounts payable and receivable functions, including invoice processing and payment collections.
- Maintained accurate records of financial transactions, ensuring data integrity and compliance with accounting standards.
- Reconciled bank statements and general ledger accounts, resolving discrepancies promptly.

# PROJECTS

## ARCON - Pioneering Solutions for a Dynamic Future

Link: <https://staging.arconcorp.com>

### Description:

ARCON is a leading provider of manufacturing, engineering, and automation services. The website showcases the company's innovative solutions in cybersecurity, interactive tools, transformative learning tools, and comprehensive support for robotics and training systems. It highlights ARCON's commitment to enhancing efficiency, creativity, and collaboration across various sectors, with a focus on education, community engagement, and global impact.

### Technologies Used:

- Next.js (React Framework)
- React.js
- Bootstrap 5 (for responsive design and components)
- CSS Modules & Custom CSS
- JavaScript (ES6+)
- Image Optimization (Next.js Image component)
- Font Awesome (for icons)
- HTML5 & Modern Web Standards

## ERRCSF Website (Egyptian Robotics & RC Sports Federation)

Link: <https://staging.errcsf.org>

### Description:

A modern, responsive website for the Egyptian Robotics & RC Sports Federation. The site provides information about the federation, its activities, membership, media, and news. It features a multi-step registration form, interactive popups, and a visually engaging design tailored for both desktop and mobile users.

### Technologies Used:

- HTML5 (Semantic & Accessible Markup)
- CSS3 (Custom styles + Tailwind CSS utility framework)
- JavaScript (Vanilla JS for interactivity)
- Font Awesome (Icons)
- Google Fonts (Roboto)
- Responsive Design (Mobile-first approach)

## Medyour Website – Healthcare Services Platform

Link: <https://medyour.com>

### Description:

A responsive, bilingual (Arabic & English) website for Medyour, designed to showcase healthcare services, address industry challenges, and provide information to users in both languages. The website features dedicated pages for services, FAQs, contact, and more, with a focus on accessibility and user experience.

### Technologies Used:

- HTML5
- CSS3
- JavaScript (Vanilla JS)
- Responsive Web Design
- Multilingual Support (Arabic & English)
